

PRELIMINARY PROGRAM RUNDOWN

Pre-course Symposium: Precision Medicine in Sarcoma

Date: 24 November 2017 (Friday)

Venue: Lecture Theatre, 5/F, Professorial Block, Queen Mary Hospital, Pokfulam, Hong Kong

Time	Topic
08:00-08:50	Registration
08:50-09:00	Welcome Speech
09:00-09:30	Principles of molecular science and genomics
09:30-10:00	Principles of chemotherapy, targeted therapy and immunotherapy in musculoskeletal tumour
09:45-10:30	Recent development of targeted therapy in musculoskeletal tumour
10:30-10:40	Q&A
10:40-11:00	Coffee Break
11:00-11:15	Denosumab in orthopaedic surgery
11:15-11:30	Direction of future development in medical oncology
11:30-11:40	Q&A
11:40	Adjourn

The 1st HKU International Musculoskeletal Tumour Course

Date: 24 - 26 November 2017 (Friday – Sunday)

Venue: LT1, G/F, William MW Mong Block, 21 Sassoon Road, Pokfulam, Hong Kong

24 November 2017 (Friday) pm: Fundamental Principles in Musculoskeletal Tumours (D1)

Time	Topic
13:00-13:50	Registration
13:50-14:00	Opening Speech
14:00-14:20	Principles of bone tumour pathology
14:20-14:40	Imaging of bone tumours
14:40-15:00	Principles of soft tissue pathology
15:00-15:20	Imaging of soft tissue tumours
15:20-15:30	Q&A
15:30-15:50	Coffee Break
15:50-16:10	Biopsy techniques and surgical margins
16:10-16:20	Q&A
16:20-17:20	Case presentation & discussion (1)
17:20	Adjourn

25 November 2017 (Saturday) am & pm: Fundamental Principles in Musculoskeletal Tumours (D2) *(8:30-10:00 inter-hospital meeting)*

Time	Topic
08:00-08:30	Breakfast
08:30-10:00	Inter-hospital Meeting: GCT and other benign bone lesions 08:30-08:50 Giant cell tumour of bone 08:50-09:10 Other benign bone lesions: osteoid osteoma, osteoblastoma, aneurysmal bone cyst, enchondroma, chondroblastoma 09:10-09:30 Don't touch lesions 09:30-10:00 Case presentation & discussion (2)
10:00-10:30	Coffee Break
10:30-10:50	Management of osteosarcoma

10:50-11:10	Management of chondrosarcoma
11:10-11:40	Bone reconstruction: prosthetic and biological
11:40-11:50	Q&A
11:50-12:40	Case presentation & discussion (3)
12:40-14:10	Lunch
14:10-14:30	Management of soft tissue tumours
14:30-14:50	Techniques of plastic surgery in musculoskeletal tumour surgery
14:50-15:00	Q&A
15:00-15:50	Case presentation & discussion (4)
15:50-16:10	Coffee Break
16:10-16:30	Management of bone metastasis: the principles
16:30-16:50	Interventional radiology in orthopaedic tumour surgery
16:50-17:10	Radiotherapy and chemotherapy in primary musculoskeletal tumour
17:10-17:20	Q&A
17:20-18:00	Case presentation & discussion (5)
18:00	Adjourn

26 November 2017 (Sunday): Current Concepts on Spinal Metastasis (D3)

Time	Topic
08:50-09:00	Welcome Speech
09:00-09:20	Evaluation and Management spine metastases
09:20-09:40	Surgical options in spinal metastases – palliative vs curative surgery
09:40-09:55	Q&A
09:55-10:25	Interactive Case Discussion (6): Decision making (Cases from QMH, TMH)
10:25-10:45	Coffee Break
10:45-11:05	Adverse events and recurrence in spinal metastases surgery
11:05-11:25	Neoplastic Instability and failure of reconstruction
11:25-11:40	Q&A
11:40-12:10	Interactive Case Discussion (7): Implant failure, intraoperative haemorrhage (Cases from QEH, UCH)
12:10-13:10	Lunch
13:10-13:30	Systemic therapy and survival in patients with spinal metastases
13:30-13:50	Radiation oncology
13:50-14:10	Separation surgery and SBRT
14:10-14:25	Q&A
14:25-14:55	Case Discussion (8): Wound failure
14:55-15:15	Coffee Break
15:15-15:35	Quality of life and economics of spinal oncology
15:35-15:55	Future research and development
15:55-16:15	Q&A
16:15-16:45	Case Discussion (9): Local recurrence with new neurologic deficit
16:45-16:50	Closing remark
16:50	Adjourn
