

**Preliminary Program for the 2nd HKU International Musculoskeletal Tumour Course
(7-9 December 2018)**

7 December 2018 (Friday): Principles of musculoskeletal tumour surgery (D1 SZH)

08:00-08:50	Registration / Check-in
08:50-09:00	Welcome speech

09:00-09:30	Principles of bone tumour pathology
09:30-10:00	Principles of bone imaging
10:00-11:00	Case presentation and discussion: ask the participants/ experts
11:00-11:10	Q&A
11:10-11:30	Coffee break
11:30-12:00	Principles of soft tissue tumors pathology
12:00-12:30	Imaging of soft tissue tumours
12:30-13:30	Case presentation and discussion: ask the participants/ experts
13:30-13:40	Q&A
13:40-15:00	Lunch Break
15:00-15:30	Biopsy techniques
15:30-16:00	Surgical margins
16:00-16:30	“No Touch lesion”
16:30-17:30	Case presentation and discussion: ask the participants/ experts
17:30-17:40	Q&A
17:40	Adjourn

8 December 2018 (Saturday): Principles of bone tumour surgery (D2 QMH)

08:00-09:00	Registration / Check-in
-------------	-------------------------

09:00-09:30	Prosthetic bone reconstruction: implant design and long term outcome
09:30-10:00	Biological bone reconstruction: techniques and long term outcome
10:30-10:30	Local destruction of bone lesion
10:30-10:40	Q&A
10:40-11:00	Coffee Break
11:00-11:30	Management of osteosarcoma
11:30-12:00	Management of chondroid lesion in XRay
12:00-12:30	Management of chondrosarcoma
12:30-13:00	Management of giant cell tumour of bone
13:00-13:10	Q&A
13:10-14:30	Lunch
14:30-16:00	Case presentation and discussion: ask the participants/ experts
16:00-16:30	Coffee Break
16:30-17:00	Management of bone metastasis: the principles
17:00-17:30	Interventional radiology in orthopaedic tumour surgery
17:30-18:00	Radiotherapy and chemotherapy in primary orthopaedic bone tumour
18:00-18:10	Q&A
18:10	Adjourn

9 December 2018 (Sunday): Principles of soft tissue tumour surgery (D3 QMH)

08:00-09:00	Registration / Check-in
-------------	-------------------------

09:00-09:30	Management of soft tissue tumours: the principles
09:30-10:00	Techniques of plastic surgery in musculoskeletal tumour surgery
10:00-10:30	Personalized medical treatment in soft tissue sarcoma immunotherapy
10:30-11:00	Radiotherapy in soft tissue sarcoma
11:00-11:30	Coffee Break
11:30-13:00	Case presentation and discussion: ask the participants/ experts
13:00-13:10	Q&A
13:10	Adjourn
