

3rd HKU International Musculoskeletal Tumour Course (22-24 Nov 2019) - Preliminary Program

22 November 2019 (Friday): Principles of Musculoskeletal Tumour Surgery (D1)

Time	Topic	Speaker
08:00-08:50	Registration / Check-in	
08:50-09:00	Opening Speech	
	Moderators:	
09:00-09:30	Principles of bone tumour pathology	Alexander Chan
09:30-10:00	Principles of bone tumour imaging	Benjamin Fang
10:00-10:30	Principles of soft tissue tumours pathology	Tony Shek
10:30-11:00	Imaging of soft tissue tumours	Andreas Leithner
11:00-11:10	Q&A	
11:10-11:30	Coffee break	
11:30-11:50	“No Touch lesion”	Pietro Ruggieri
11:50-12:10	Biopsy techniques	Wei Ming Chen
12:10-13:00	Case presentation and discussion (1) : ask the participants/ experts	
13:00-13:10	Q&A	
13:10-14:30	Lunch symposium: Computer navigation planning - How I do it?	Calvin Chiu
14:30-15:00	Management of osteosarcoma	Pietro Ruggieri
15:00-15:30	Management of chondroid lesion and chondrosarcoma	Andreas Leithner
15:30-16:00	Management of giant cell tumour of bone	Jin Wang
16:00-16:10	Q&A	
16:10-16:30	Coffee break	
16:30-17:00	Prosthetic reconstruction in musculoskeletal oncology: evolution and future perspectives	Pietro Ruggieri
17:00-18:00	Case presentation and discussion (2): ask the participants/ experts	
18:00-18:10	Q&A	
18:10	Adjourn	

23 November 2019 (Saturday): Principles of Bone Tumour Surgery (D2)

Time	Topic	Speaker
08:00-09:00	Registration / Check-in	
	Moderators:	
09:00-09:20	Surgical margins in surgery planning	Jin Wang
09:20-09:40	Computer navigation and 3D printing	Kwok Chuen Wong
09:40-10:00	Prosthetic bone reconstruction: cases and long term outcome	Xiao Hui Niu
10:00-10:20	Biological bone reconstruction: techniques and long term outcome	Wei Ming Chen
10:20-10:30	Q&A	
10:30-10:50	Coffee Break	
10:50-11:10	Chemotherapy, targeted and immunotherapy in bone tumour	Thomas Yau
11:10-11:30	Radiotherapy in bone tumour	Dennis Leung
11:30-12:30	Case presentation and discussion (3): ask the participants/ experts	
12:30-12:40	Q&A	
12:40-14:00	Lunch symposium: Megaprosthesis infection management - How I do it?	Raymond Yau
14:00-14:20	Pelvic tumour: surgical management	Xiao Hui Niu
14:20-14:40	Spine tumour: surgical management	Kenny Kwan
14:40-15:40	Case presentation and discussion (4): ask the participants/ experts	

15:40-15:50	Q&A	
15:50-16:10	Coffee Break	
16:10-16:30	Management of bone metastasis: the principles	Wai Yip Ho
16:30-16:50	Interventional radiology in orthopaedic tumour surgery	Vince Lau
16:50-17:50	Case presentation and discussion (5): ask the participants/ experts	
17:50-18:00	Q&A	
18:00	Adjourn	

24 November 2019 (Sunday): Principles of Soft Tissue Tumour Surgery (D3)

Time	Topic	Speaker
08:00-09:00	Registration / Check-in	
	Moderators:	
09:00-09:20	Management of soft tissue tumours: the principles	Benjamin Fong
09:20-09:40	Techniques of plastic surgery in musculoskeletal tumour surgery	Ying Lee Lam
09:40-10:00	Radiotherapy in soft tissue sarcoma	Roger Ngan
10:00-10:20	Personalized medical treatment in soft tissue sarcoma	Gerry Kwok
10:20-10:30	Q&A	
10:30-10:50	Coffee Break	
10:50-12:50	Case presentation and discussion (6): ask the participants/ experts	
12:50-13:00	Closing remark
