

HKU Musculoskeletal Tumour Webinar II: Management of Low Grade Chondroid Lesion: Chondrosarcoma and Enchondroma

26 November 2020 (Thu), 8:00PM-9:00PM (GMT+8)

SPEAKERS

Dr. Brčić IVA

Medical University of Graz, Austria

Iva Brčić finished medical studies at the Medical University of Graz, Austria and received her graduate degree in 2003. The doctoral degree she received in 2006 at the same institution. In 2007, she enrolled in the pathology residency program at the University Hospital Center Zagreb and in 2012, she passed her board exam. From 2012 until 2015, she worked as a staff pathologist at the University Hospital Center Zagreb, with main interests in breast and gastrointestinal pathology. During that time, she arranged multiple study visits to Germany, England, Turkey and Canada. From 2015, she is working as a University assistant/staff pathologist at the Institute of Pathology at the Medical University of Graz, Austria participating in routine sign-out of gastrointestinal and breast pathology. At the end of 2017, she became a part of the bone and soft tissue team and spent 4-months at the University of Miami, FL, USA at the beginning of 2018 and end of 2019 under supervision of prof. AE. Rosenberg. In July 2020, she got a tenure track position at the Medical University of Graz and habilitation in pathology (Venia docendi). Her interest for scientific work started in 2001 and resulted in the Rector's prize and S. N. Saltykow's prize in 2003. In 2007, she received the "Best Dissertation prize for 2006" at the Medical University of Graz. She has actively participated at numerous meetings and courses. In addition, from 2009, she is continuously teaching medical students and residents. Her scientific work is currently focused on bone and soft tissue lesions. Until today, she published 52 papers and 8 book chapters including chapters on the molecular classification of breast and colon cancer as well as soft tissue neoplasms.

Professor Andreas LEITHNER
